

Ten good reasons to join the British Property Federation

We are...

1. the only trade association dedicated to representing the interests of all those who own and invest in property
2. successfully raising the profile of the commercial property industry in the UK
3. regularly consulted by Government on policy, statutory and regulatory matters, and with whom we have an established and excellent reputation
4. achieving beneficial changes to Government proposals

We can...

5. provide an avenue for your views to reach Government - more effectively than if you tried to go it alone
6. save you the expense of doing your own Government/Parliamentary lobbying
7. keep you informed on Government news and developments - on a weekly basis
8. help you to demonstrate that you are a responsible member of the property industry, keen to play a part in policy making and willing to embrace best practice
9. through our calendar of events and committee structure, we provide plenty of networking opportunities with others in the industry

and, of course...

10. the more members we have, the more effective are at in working on your behalf.

If you operate in Scotland, you should consider joining the Scottish Property Federation, the body we have established to represent our members' interests in the Scottish Government and Parliament.
